GODSIGHT-Part 1

Godsight is the ability to see things the way Father God sees them. Perhaps the most familiar story in scriptures is when Elisha's servant was in fear about being surrounded by the Syrian army. Elisha prayed, "*Lord, please open his eyes that he may see.*" **2 Kings 6:12** The servant's eyes were open and he saw the mountain full of chariots of fire! That was the end of the servant's problem with fear! Nothing had really changed, but the servant was changed when he saw more than just the natural truth. Being able to see what Father is seeing will change every area of your life! As I (Rick) have been meditating on this, it is making a huge paradigm shift in my thinking and the way that I am looking at my life. A lot of what I would like to share in this article and next quarter's Love Letter were greatly influenced by a book *Victorious Emotions – Creating a Framework for a Happier You* by Wendy Backlund 2017.

Our Natural Sight is Defective

Our heart (our spirit) doesn't see things the way they really are; it sees things the way we are! And closely connected to this is the fact that what we believe in our heart is what we really believe. Our heart has a way of filtering and flipping the data coming in from our five physical senses based upon our belief systems and past experiences. Our response to the current event (including our emotions and feelings) is based upon what is already stored in our brain concerning the same or similar circumstances from the past. "For example, I know that wood bees don't have a stinger, but my immediate response to being around them is a healthy dose of fear and adrenaline because I have been painfully stung in the past by similar looking bees and wasps that do have stingers!

Father made us with the ability to see into the supernatural world of the Kingdom. Godsight is part of our design, but there are many ways and things that can hinder us from being able to use this gift. The first blockage came in the Garden when Adam and Eve ate from the Tree of the Knowledge of Good and Evil. The scriptures say that the "*eyes of both of them were opened*" and they started to see the world from their natural eyes, not their spiritual eyes (Godsight). **Gen. 3:7** Their focus shifted to what was good or evil, right or wrong, just or unjust. Satan fell from heaven and began to unleash all the evils and darkness on the earth trying

to destroy God's greatest creation, man and woman made in His own image.

Satan "...blinded their eyes and hardened their hearts, lest they should see with their eyes, lest they should understand with their hearts..." **Is. 6:10** But even in the darkest of times there was always a remnant, like the prophets, that stayed faithful to God and the old covenant and were able to see into the spiritual realm. Jesus' death on the cross and resurrection fulfilled the law and canceled the curses making a way for everyone to again have access to see into the spiritual realm of the Kingdom.

Jesus taught us through the Lord's Prayer to pray for His Kingdom to come here on the earth as it is in Heaven. **Matt. 6:13** However, my heart and my left brain's logical thinking have had a hard time understanding what that looks like. I have also heard many other teachings and sermons about living in the Kingdom like: *we are in this world, but not of it. We are to live our lives in the Kingdom as true sons and daughters. When we pray, we are to believe and see the answers and we will have them. We are to bring our future into our present and experience the promises coming to pass in our lives right now. We are to see the treasure in others and call it forth. We are to see the goodness of God and give thanks in all things.* The list goes on and I can find scriptures to support all these things, but I was not seeing them through Godsight!

In the past the pictures on my image maker in my brain would say "no – not possible" or the screen would get fuzzy because of all the fears, excuses, unbelief, ungodly beliefs or what the naysayers were telling me. They would tell me that it was impossible or you're just full of pride or greedy and focused on yourself. What I have begun to understand is that these bible teachers were all talking about using Godsight when you pray or believe for something that agrees with God's Word! The reality is that there is a lot more going on than our natural eyes and ears can tell us!

We Can Learn Godsight Too!

Godsight is one of the 19 brain skills that we were supposed to have learned from our parents very early in life. (*Transforming Fellowship -19 Brain Skills That Build Joyful Community* Chris M. Coursey 2016) In a healthy community and family, we were meant to start seeing ourselves the way our parents and others saw us and responded to us through heaven's eyes.

We would then learn and use Godsight like our parents and pass it on in our relationships with others. However, if you were like me, my parents never

learned the skill themselves growing up, and therefore, were not able to pass it along to me. Because the hurts, pains, and problems were bigger than their relationship with me, my parents ended up passing on their hurts and pains that they carried to me instead.

Thankfully, Father did not want us to go through life without this important brain skill. We can still pick up Godsight through transforming fellowship with other people who have and use Godsight in their lives. They can pray with us and help us practice Godsight too. We can strengthen our new skill as others affirm what we are sensing or seeing through God's eyes. We can also have the peaceful inner witness of the Holy Spirit affirm what we are seeing in the Kingdom.

With confidence and practice, it is becoming easier to see myself living as a son in the Kingdom. When I read or meditate on the scriptures now, it is becoming easier to see myself doing the things that Jesus did and flowing in the supernatural. Godsight is also helping me see other people differently. I now see them forgiven, valuable, and what's good in them, not their faults and malfunctions. Situations also don't seem as big and impossible as they once did. Therefore, I am more able to stay at peace and rest.

In the next Love Letter I will explore some of the many ways that Godsight affects every area of our lives and how you can walk in the fullness of Father's Love for you!

Eunice's Testimony 2009 – 2018 Zambia

"Praise be to God and Father of our Lord Jesus Christ who has restored me and repairs my life 'concerning love.'...I want to testify this, how God can speak with the Father's Love Anointing...I don't know how to comfort. It was very difficult because of my husband's tone of voice. Like someone who is addicted to drink... it was frequent arguments...the marriage was falling apart in spirit. I developed pain instead of Love. Now when Rick and Sue came to minister the lessons of the Father's Love, you opened my soul to start loving again...which called me back to close friendship with my husband. I had to forgive him...and I said to God, let more of your Love come in me...I am a Pastor, but I didn't have time to teach about love in my home and in Church. More of salvation and other messages...Now I teach about Love, but the way you told me was different and supernatural. Satan tries to keep us away from Father's Love...." Eunice 2009 Zambia

Richard and Lillian's Testimony 2012 – 2018

"Thank God and the team which funded Sue and Rick in 2012...they are true servants of our God...our names are pastor Richard and Lillian...married and blessed with 5 children...and another 5 under our care...Before meeting Sue and Rick I was calling myself a pastor, but my life was full of fornication and adultery, something that affected the church and my family. My wife had lost faith in me and my church was full of sin...I had no respect for my parents and wife. I was just sleeping with women in the church...after meeting these great people who shared with me about the Father's love and how to respect marriage. It was a very painful and touching message which forced me to cry in bitterness and realize that I was sinning and spoiling the church....God spoke to Rick and Sue. They called me and my wife aside and spoke to us about forgiveness and the Father's Love. My wife forgave me, my parents forgave me, then all the women whom I was having sex with forgave me...I started now preaching forgiveness and the Father's love in the church. Today has brought revival and restoration to our church. We have 430 active members and more than 500 children. God has given us the heart to serve the poor from the community too. My family, church, and ministry are just full of rejoicing." Richard and Lillian 2012 Kenya

Father's Blessing for Godsight

I bless you to have the ability to see as Father sees all the people and circumstances in your life. I bless you with a new identity of who you are as His son or daughter. I bless you to see everyone through the cross and what Jesus did for them through His death and resurrection. I bless you to see into the supernatural and how to live and walk in the Kingdom. I bless you with dreams, visions, and seeing yourself walking and doing what Jesus and others in the Bible did here on the earth. As you practice and walk with Godsight, you will become a bold and confident witness for Jesus sharing the Word, introducing people to their Heavenly Father and leading people into salvation. I bless you to live your life where the supernatural becomes natural. May circumstances and difficult situation no longer bring fear or dread, but may they bring peace, joy, and rest as you see Father taking care of them.
